Welcome to
Shandong University of Traditional Chinese Medicine

History

- | | |
|-------------|---------------------------------|
| 1958 | Founded |
| 1978 | China Key TCM university |
| 1981 | Shandong Key University |
| 1995 | “973” project university |

Shandong University of Traditional Chinese Medicine (SDUTCM) was founded in 1958, listed as one of the key state construction TCM higher-learning institutes in 1978, and approved as one of the key Shandong provincial universities in 1981. It is currently the only independent medical university in Shandong Province, and rated excellent in the national undergraduate education evaluation conducted by the Ministry of Education. It is among the first batch of “five preeminent featured universities” approved by Shandong provincial government. Among all the colleges and universities in Shandong province, it takes the lead in the number of the state key disciplines, in offering master’s and doctoral programs and post-doctoral research programs, and also in undertaking the state “973 Projects” as a chief organization.

Introduction

SDUTCM has been striving for the goal of becoming one of preeminent featured universities. In 2007, the main campus moved from Lixia District, Jinan City, to Changqing District—the hometown of Bianque (a famous physician in ancient China), covering a total area of 122 hectares with a building area of 545,000 square meters. The facilities and equipment are valued at over RMB 192,765,000, and the library has a collection of 1,871,000 paper books, 509,000 electronic books and 30,000 rare ancient books. The library is a “Shandong provincial key protection unit of ancient books”. It has 14 colleges, 3 directly-affiliated hospitals, 11 indirectly-affiliated hospitals, 24 teaching hospitals, 97 clinical teaching bases, 10 Shandong graduates jointly-training bases. It has one national experimental teaching demonstration center and one national undergraduate off-campus education and practice bases.

Jinan City

Jinan is the capital city of Shandong Province. Shandong, as a economically large province along China eastern coast, is the second largest province in China with a population of 94 million and 500 billion US dollar GDP. Jinan is the political, economic, cultural, technological, educational and financial center of the province and one important regional central city. It is also one of the 15 sub-provincial cities of China. At present, Jinan has 6 districts, 3 counties and 1 county-level city under its jurisdiction. It covers a total area of 8,177 sq. kilometers with a population of 6 million. In 2009, Jinan realized 49 billion US dollar GDP, 12.2% up over the previous year and its GDP per capita reached near 8100 US dollar.
